

Bounce Back For Fall!!

August 29, 2010
3:00 – ?

We are going to have a Blast this Day!
Come bring your family and your friends to the BIG EVENT!

We will start the day off with the Bouncy Toys as described on the back, but also we are going to have food as well: Here is what's up!

Hot Dogs
Popcorn
Snow Cones
Cookies
Water & Pop

These will be served while the big toys are going on, so make sure you eat while you are playing!

Afterwards we are going to meet in the Sanctuary for a time of celebration to the LORD – who is good. We love Him so much we want to also give our praise back to Him to end our day – we will have a mini concert with Barry & Debbie Wiles as well as some special talent this night – come and see what it is all about!

Are you Ready to Bounce Back – Here we GO!

Did I Mention that all activities & food this day is FREE

ADRENALINE RUSH OBSTACLE COURSE

The Adrenaline Rush is a 360-degree inflatable obstacle course with a large variety of obstacle challenges. Both sides are set up parallel to each other, making teams and competition ready to go. This course takes players through tunnels, log climbs, rock climbs, slides, crawl through tubes, pop ups and ultimately a double climb and slide for a photo finish. This bright and colorful obstacle course is sure to be a hit!

FIRST N GOAL

First N Goal is our new inflatable interactive unit that will bring lots of fun and laughs to your event. Two opponents are bungeed together on opposite sides of the inflatable football field. At the sound of the whistle, each player rushes down the field and tries to be the first to score by placing his/her football through the goal. Sounds easy? The challenge increases by the recoil of the bungee cord and the added resistance from the other player. Challenging, fun and a barrel of laughs, this interactive game is sure to be a hit at your next event.

BALLOON TYPHOON

THIS IS NOT A BOUNCE HOUSE because there is no inflated floor for them to bounce on. The children step inside the Balloon Typhoon into a whirlwind of flying balloons...and the fun begins! This is great for kids 10 and under.

If you can bring either a 2 liter of pop or cookies please see Nancy Weber.
